Knox County Mayor Glenn Jacobs

Enclosed, please find the 2024-2025 Proposed Budget for your consideration. This budget reflects the forecasted flattening of certain revenue sources by the State of Tennessee. Our charge is to consider the resources available and how best to apply those to meet the needs of our citizens. I thank you in advance for your careful review of this presentation. Below are some highlights from the proposed budget:

- No tax increase; property tax rate stays constant at \$1.5540
- Continuation of required county services
- Overall budget (including schools) increases by \$32,012,087, or 3.05 percent from the previous year
- General Purpose School funding increases by \$15,174,000, and 65 percent of the overall budget is directed for schools
- The General Fund also appropriates \$2,400,000 to support educational initiatives
- General Fund budget increases \$8,761,535, or 3.9 percent
- Includes a salary adjustment of approximately 2% (two steps) in January for general county employees to address the increased cost of living
- The continued funding level of Defined Service Contracts in the General Fund
- The 5-year Capital Improvement Plan is projected to invest \$369.4 million in County and School infrastructure and other capital improvements.
- Included is funding for schools to address capital needs for Farragut, Mechanicsville/ Lonsdale/Beaumont Solution and South Knoxville Solution.
- Engineering and Public Works will receive \$87 million for continued infrastructure projects, including safety improvements to dangerous roads and intersections.
- Funding for improvements to parks and other county facilities. (Please see page 39 for additional comments regarding the FY 2025-2029 Capital Improvement Plan.)

I appreciate your consideration of the proposed budget. If you have any questions or comments regarding the proposal or would like to discuss the proposed budget further with the Finance Department, please contact Jennifer Bodie (215-3031) for an appointment.

Thank you.

Budget Summary

The proposed tax rate for FY 2024-2025 is \$1.5540 per hundred dollars of assessed value. One cent of the property tax rate is estimated to bring in \$1,960,000. Of this \$1.5540 tax rate, we propose \$0.6524 going to the General Fund, \$0.5064 going to the General Purpose School Fund, and \$0.3952 going to the Debt Service Fund.

The total operating budget in FY 2024-2025 is \$1,082,198,147. Excluding transfers and other funds accounted for in more than one place, the net budget is \$1,074,947,569.

The General Fund budget is proposed to be \$231,114,555. We have included increases of \$1,300,000 for employee raises. The total General Fund Proposed Budget is 3.9% more than the 2023-2024 Adopted Budget.

One of the greatest challenges in preparing this budget is anticipating the direction of the economy and the impact of inflation. Based on State projections, a flattening of certain revenue sources is anticipated, and our budget reflects this. We will continue the practice of providing **County Commission financial** updates on a monthly basis. The majority of increases are for educational purposes and overall, the budget has an increase of \$32,012,087, to be funded largely by revenue growth.

Based on trending economic data, we have calculated the following growth in revenue for FY 2024-2025. Sales tax growth is budgeted to increase \$14.9 million over the FY 2023-2024 budget. This large increase is mainly due to revenues exceeding budget in the current fiscal year. Current property tax growth is budgeted at \$8.8 million over last year's budget. **Tennessee Investment in Student** Achievement (TISA) growth is projected at \$10.9 million over last year's funding.

Knox County has done a great job of keeping health insurance costs low. In FY 2023, \$31.1 million was spent on health insurance expenses. The county is projected to spend \$31.3 million in health insurance for FY 2024.

This is far below the expected increase by industry standards.

Budget Summary

In terms of retirement funding, Knox County's actuarially required contribution for FY 2024- 2025 has increased by \$1.5 million, which is reflected in this proposed budget. This figure includes all three closed defined benefit plans and current defined contribution plans for both County and the Board of Education. The increase is due to market performance and changes in mortality tables.

In addition to the annual budget, the 5-year Capital Improvement Plan is presented. The Plan includes \$369,360,000 for projects over the 5-year period from FY 2025 through FY 2029, with \$117.420.000 recommended for FY 2025. For 2025, \$79,300,000 is planned for schools, including funding to address capital needs in Farragut, Mechanicsville/ Lonsdale/Beaumont, and South Knoxville. In addition, the plan includes funding for major renovations to Halls. Gresham and Bearden middle schools. The plan also includes funding for districtwide school upgrades, including security, HVAC systems, fire alarm and carbon monoxide systems, and roofing upgrades.

Additionally, for 2025 we have included nearly \$15 million to fund various road, highway and other infrastructure projects to provide for expected growth, as well as additional funding for other much-needed improvements. Particular emphasis has been placed on improvements to those dangerous roads and intersections where crash data has shown a critical need. The remainder of the recommended plan includes funding for various additional needs, primarily building improvements and other needed additions to better serve the needs of Knox County citizens.

Note: Totals are based on existing debt, plus expected new debt issuances projected in the Capital Improvement Plan. These amounts do not include any debt that may be issued for any unforeseen additional needs that might arise in future years.

Bonded debt is projected to be \$777,784,395 at the end of FY 2024. The FY 2025-2029 Plan provides for an increase in total bonded debt of \$39,143,227 by the end of FY 2029, necessary to provide for three new school solutions; major renovations to three existing middle schools; needed highway, road construction, and other public works projects; and other needed capital projects.

Total bonded debt under this plan is projected to be \$816,927,622 at June 30, 2029.

2025 General Fund

Budgeted Fund Descriptions

General Fund: The General Fund is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in another fund. The General Fund accounts for the normal recurring activities of the County (i.e., public safety, recreation, health and welfare, general government, etc.). These activities are funded principally by property taxes on individuals and businesses.

Governmental Library Fund: This fund accounts for the operation of the law library that is available to the public but is used primarily by attorneys practicing in the courts. User fees are charged by the Governmental Library.

Public Library Fund: This fund is used to account for the operation of the County-wide public library system.

Solid Waste Fund: This fund is used to account for solid waste and recycling activities.

Air Quality Fund: This fund is used to account for activities related to compliance with the Clean Air Act, funded by permit fees received from operators of facilities that are sources of air pollution. (Note – for annual financial reporting purposes, this fund is included in the State and Federal Grants Fund.)

Hotel/Motel Tax Fund: This fund accounts for the collection and use of the amusement tax to promote tourism and related economic activity in the County.

Engineering and Public Works Fund: This fund is used to account for the County's share of the State gasoline and motor fuel taxes that are utilized to maintain non-state roads within the county.

Debt Service Fund: This fund is used to account for the accumulation of resources for, and related payments of, principal and interest on general long-term debt for the County and for the Knox County Board of Education, a discretely presented component unit.

General Purpose School Fund: This fund is used to account for general operations of the Board. Major funding is provided through local tax levies and state education funds.

Central Cafeteria Fund: This fund is used to account for the cafeteria operations in each school. The primary sources of funding are federal and state revenues for the school lunch program and sales to students and adults.

Estimated revenue per each one cent of property tax equals \$1,903,500 for FY24 and \$1,960,000 for FY25.

Note: The proposed property tax rate for FY 2025 is unchanged; however, the proposed rate applicable to the General Purpose School Fund reflects a decrease of \$.04, with a corresponding increase of \$.04 to the Debt Service Fund. In addition, the estimated revenue amount applicable to the \$.04 change in the property tax rate, \$7,840,000, has been reflected in a corresponding reduction to the proposed payment from the General Purpose School Fund to the Debt Service Fund.

Note: Spendable fund balance includes all amounts except those not in spendable form.

Items not in spendable form include the portion of fund balance related to items not expected to be converted to cash (inventories, prepaid items, etc.) as well as long-term receivables and the County's investment in joint venture.

Enclosed you will find the Mayor's proposed Capital Plan for FY 2025 - FY 2029. Proposed funding for new projects has been included for projects deemed to be needed for the citizens of Knox County, primarily in the areas of education and County highway projects.

If you approve this capital plan, the County's debt levels will include an increase of \$39.1 million over the five years of this plan. That is, our proposed general obligation bond issuance for new projects will exceed the County's payment of debt principal in total over the five-year period by \$39.1 million. This will provide funds for several needed new projects and continued funding for numerous necessary projects currently underway.

Please note the following as you review this proposal:

- This plan assumes no new taxes for debt service.
- The total proposed over the upcoming 5 years totals \$369.4 million. The plan provides funding for projects that need to proceed, while limiting the amount of new borrowing in accordance with our commitment to Knox County taxpayers to maintain the County's debt levels at levels no higher than necessary to accomplish needed projects. Note that 81% of the funding for projects included in this plan is for education and for engineering and public works, functions necessary for the benefit and safety of Knox County citizens.
- This Plan provides for funding for projects to address population growth in Farragut, Western Heights, and South Knoxville. The plan also includes funding for major renovations to three existing middle schools. These projects have been deemed necessary to ensure that the facilities needed for education of our Knox County student population are adequate for their needs. In addition, funding for systemwide upgrades for security, HVAC systems, and roofs is included. The proposed plan includes new funding for school projects totaling \$348.8 million, spread out over the five-year period included in this plan. Knox County Schools plan to obtain \$21.9 million of the project funding from sources other than debt proceeds.
- The plan includes \$87.2 million for engineering and public works projects, primarily for road and highway construction and improvements and upgrades to existing roads. This funding will provide funds for needed safety improvements as well as for new and upgraded roads that will be needed for economic growth.

I welcome discussion of this proposed plan and look forward to your comments. Approving this plan will allow the County to make numerous needed improvements, while at the same time exercising the restraint required to avoid undue burden on the taxpayers of Knox County.

2025-2029 Capital Improvement Plan

Capital Improvement Plan Policy

Knox County has established a set of policies that cover the process of preparing the Capital Improvement Plan. Below are the major factors involved in the process:

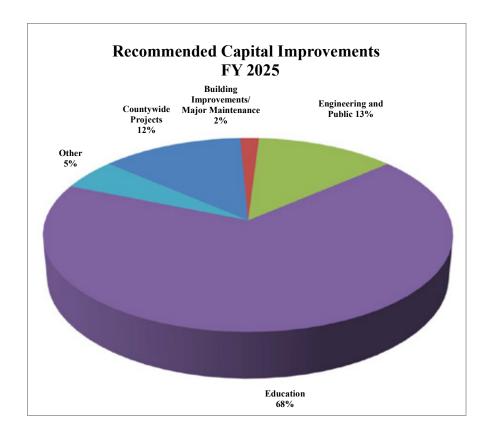

- A. Construction projects and capital purchases that generally cost in the aggregate more than \$100,000 and/or have a useful life of greater than seven years will be included in the Capital Improvement Plan. Furniture, fixtures and equipment purchased for major additions or renovations will be included in the plan; all other regular maintenance and capital purchases less than \$100,000 will be included in the operating budget.
- B. The purpose of the Capital Improvement Plan is to plan, schedule, and anticipate financing for capital projects for the next five years.
- C. Department Heads and Elected Officials will prepare the project proposals and present the requests to the Finance Department. The Public Building Authority will assist with the calculation of project costs and schedules. The project proposals from the Knox County School System will be forwarded to the Finance Department once the Knox County School Board adopts its request. Operating costs associated with the project must be provided by the department or elected official and are not included in the Capital Improvement Plan.
- D. The Knox County Finance Department and County Mayor will review the project requests and make recommendations to the County Commission. The final plan recommended by the County Mayor includes the financing of the projects recommended. Financing for the capital budget will come from General Obligation Bonds and other sources. If a specific current revenue source is identified for a project, then that funding is included in the plan.
- E. Budget appropriations for projects included in the first year of the approved Capital Improvement Plan, for which financing is planned for the upcoming fiscal year, are required to be approved by the County Commission. Budgetary approval for projects planned for the subsequent years, for which the financing is planned in those future years, is generally not obtained during the first year of the Capital Improvement Plan and is subject to revision in subsequent years' Capital Improvement Plans as the expected capital needs, and anticipated availability of the related financing, may change in response to future economic conditions and other circumstances.

Major equipment includes the non-routine acquisition of long-lived capital equipment.

These items are planned to be acquired from debt proceeds, which will be repaid over a shorter period than debt that will be issued for longer-term capital expenditures for buildings and building improvements.

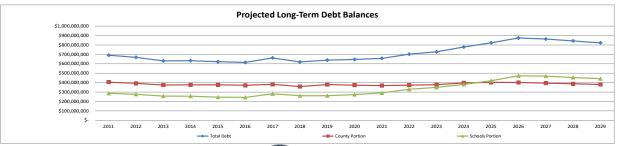

This process will match the useful lives of the capital assets with the repayment of the related debt.

Note: The amounts shown in this schedule may differ from the amounts shown on the preceding schedule of Debt Principal Projections Fund and the total Debt Service Fund budget.

The amounts included in this schedule pertain only to bonded debt, and therefore these amounts exclude the effects of budgeted and actual payments made from the Debt Service Fund for other debt obligations (loans and capital leases). In addition, actual totals reported in the audited ACFR may, when applicable, include the effects of bonds repaid from proceeds of a debt refunding transaction, rather than from the regular debt service budget.

Furthermore, the amounts shown in the debt service budget may include estimates of debt service for bonds planned to be issued prior to the end of the fiscal year, whereas the projected amounts shown in the Debt Principal Projections schedule have been updated to reflect the actual debt service, where applicable.

In order to keep a consistent comparison between years, the effects of these transactions are also excluded from amounts shown above.
