Per the vesting deed, the property is made subject to a right of ingress and egress over an existing 25-foot easement along an existing roadway running from Coatney Road to the above described property as stated on the vesting deed. If this is a private right-of-way, it should be surveyed to get a metes and bounds description and also a permanent easement for ingress and egress needs to be recorded with the owners of the property the right-of-way crosses, signing off on it needs to be recorded. If it is a shared right-of-way, a maintenance agreement will need to be executed and recorded.
10. See the plat recorded as Instrument Number 200805290089671 - it shows the centerline of a proposed Exclusive Permanent Easement. If it is now being used to access subject property, a Permanent Easement for Ingress and Egress should be executed and recorded with the owners of the property that the right-of-way crosses.
